Sacarstic comments by elements:

Lion

- 1: "Such a fierce lion," I said, sarcastically, "tamed like a trained dog - typical!"
- 2: "Such a majestic lion," I sarcastically sneered, "scurrying around the library like a small mouse, complete with squeaks and quakes of terror!"
- 3: "Oh, this supposedly powerful lion? It's nothing more than a paper tiger, too scared to do anything."
- 4: "That lion sure made a lot of noise, just like a pond full of restless frogs."
- 5: "What a sly old cat; hiding his teeth and claws when surrounded by a menagerie of ravenous wolves- he's masquerading as a lamb among the denizens of doom"!

Tree

- 1: "Such a lush tree, like something straight out of a deserted island paradise - complete with its own secluded beach, sparkling turquoise waters, and not a single soul in sight - all I need now is an umbrella drink in hand and I'm all set!"
- 2: "Such a sturdy tree, like a house of cards - what am I supposed to think? That I'm supposed to believe it will stand strong against the earth's strongest winds? Ha, yeah right!"
- 3: "Such a majestic tree, as regal and proud as a poor, neglected flower that couldn't resist the pain of withering away."
- 4: "I can't believe it - Such an ancient tree, towering like an imposing modern skyscraper; It's like nature was trying to one-up all our concrete achievements of today."
- 5: "Such a vibrant tree, it's almost like it's mocking me, just like a dead fish staring me in the face, silently judging me."

Bush

- 1: "Such a dense bush, like a sparse crowd just hanging, barely there - can you believe it? Must be what they call 'thrifty' these days!"
- 2: "This bush is so wonderfully lush, it almost looks like it was designed by a set designer for a deserted island movie!"
- 3: "Such a thick bush; finding a needle in there is about as likely finding one in a haystack!"
- 4: "Such a bountiful bush", I snickered sarcastically, "about as bountiful as a single drop of rain in a raging thunderstorm!"
- 5: "What a tremendous bush, it practically looks like an entire desert island!"

Tree And A Lion

- 1: "What an amusing sight! A mighty tree standing tall, like a plucky mouse cowering in the corner of a lion's den. How utterly ridiculous."
- 2: "Such a large tree, It's like comparing a lion to a mouse, and an elephant... *laughs* They really couldn't be any more different!"
- 3: "Such a majestic tree and a lion, so much on par with an ant and an elephant, their sizes and power clearly on the same level!"
- 4: "Such an ironic scene, it's like a mouse strolling through a lion's den, and the tree nearby somehow towerign over both, almost mockingly powerful with its resilience."
- 5: "Such a loyal tree, and a lion more faithful than a fox--as if there was such a thing as a trustworthy farmer!"

Sacarstic comments by context:

- 1: I sure wish that lion had some more room to walk around!
- 2: How majestic that this lion is chosen to live in such a small area!
- 3: Ah, yes. The perfect size habitat for such a huge creature!
